H. H. BLACK,

(Late from the Cincinnati College of Dentists,)
Office and Laboratory, No. 10, Alder street, Four Doors from Front, Portland, Ogn.

HAVING secured the services of Dr. C. B. MACK, formerly of New York city and late of St. Louis, who is an experienced and skillful Dentist, I am now prepared to manufacture and insert Artificial Teeth by the following methods, namely: GOLD, SILVER, RUBBER, AMBER, PORCELAIN BASE, GUM ENAMEL, RUBBER ATTACHMENT, CHEOLITE, CONTINUOUS GUM, MICA and ENAMELED PLATE WORK. Some kinds of this work is recommended above all others, and needs but an inspection to prove its superiority for cleanliness, durability and life-like appearance to any artificial teeth in use.

Filling and cleaning teeth, and all operations in *Dental Surgery*, either *mechanical, operative* or *surgical*, performed in the most thorough and highly finished manner. None but the most permanent and finished operations performed, and no inducements to patients by low priced or roughly finished operations. I use no *cement* in filling teeth, and seek in price to make no competition with *cheap* Dentists, and desire the patronage of such persons only as wish their operations performed in the most *perfect* and *skillful manner*.

Operations that fail to give satisfaction need not be taken or paid for. Office hours from 9 A. M. to 4 P. M. Indigent persons who are unable to pay full professional charges will call before and after office hours. feb4 tf

OFFICIAL PAPER OF THE CITY

No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave
Whose blood bought the banner your valor must save

FRIDAY MORNING, MAR. 13, 1863.

Better Tidings.

The late intelligence is more cheering than any since the year began. Financial affairs have a far more satisfactory look and gold is rapidly losing the fictitious value with which speculation had endowed it. We hope that the experience of those, who must suffer severely by its rapid decline in three days from 72 to 50 per cent. premium, will teach them not hereafter to speculate in the currency of the nation; making the sacrifice of public credit the means of winning private gains—gambling with the life blood of the country in its hour of agony, that they may be enriched, though ruin smites and overcomes every other interest. We shall not be very sorry to learn, as it is likely we shall, that this sudden collapse has extinguished the money life and hopes of many of those who have been thus acting, and we hope that in the desolation of their bankruptcy, they will have leisure to deplore their heartless iniquity.

Another cause of satisfaction is found in the manifest reaction that pervades the Northern States, which last fall seemed by their elections to be disposed to rank themselves on the side of secession. It now appears that returning good sense and patriotism have constrained our "wayward" brethren, who faltered for a little—just long enough to make a political fight and win a victory with the aid of Northern rebels—to come back again to the support of the Government and its legal officers. Even John Van Buren, whose voice last fall was loudest, and eloquence most furious in denouncing the measures of the Administration, thereby inducing a coalition of all opposed to any of these, has spoken in a meeting of unconditional loyalists, at which Gen. Scott presided, and has pledged his cordial support of every plan adopted for putting down the rebellion. Democratic army officers from Illinois and Ohio have very bitterly complained, in speech and by letter, of the treasonable action of their former political friends, and have produced a healthy reconsideration of the positions assumed in these States.—The loyalty which marked and illustrated the whole North in 1861 seems again to prevail, while those who have talked of peace have been absolutely crushed to silence by the indignant and wrathful repudiation of their action, which appears in every Southern paper and is thundered forth by every Confederate orator.

The South will permit peace only when its independence is recognized, and it only remains for the Government to recognize or to crush rebellion every sensible man now sees this to be the issue, even if it has been questionable before, and none but those who desire the destruction of the Union, will henceforth be willing to quarrel with or obstruct the great measures which the Government has been compelled to adopt for its protection and preservation. We rejoice—and we feel sure all loyal men will join us—in these indications of good; the heart of the people is sound and true; our national and financial strength is firm and increasing, our foreign relations are more favorable than ever since the war began, and we devoutly thank God that in spite of all blunders, inefficiency and treason, there are abundant reasons for believing that the day of patriotic triumph is at hand.

The Democratic State Journal.—The Dalles people will shortly be blessed by the existence of the above named paper, the prospectus of which appears in our advertising columns. The proprietors are capable of making a useful and patriotic journal, and, while it is so, we hope they will succeed in making it profitable. The *Mountaineer* man must look to his laurels, for, unless we mistake our neighbors, they will not be long in Wasco without pitching into his cabbage patch. By the way, how do they reconcile the positions of Seymour and Richardson as champions and defenders of Democracy. The former says, it is *his* duty to do everything in his power to crush the rebellion, while the latter declares *his* mission to be to crush the Administration and let the rebellion go on. This is very ungrateful in old Dick, whom Mr Lincoln made a Brigadier, though in doing that very thing we confess that we always thought the President made about as large a blunder as ever was committed by anybody anywhere. If he had been blind, deaf, and so lame that he could not move, he could hardly have put epaulettes and stars upon the first chance passer-by, without making a better choice.

Sharp and Profitable.—When the boat arrived Wednesday evening, some of our quick witted merchants, who were posted as to the advance in greenbacks, "prospected" the city, and in an hour or two contrived to purchase several thousand dollars' worth, at the rate current during the day and went to bed happy in the reflection that they had made twenty-five per cent profit by their quickness. As nobody was hurt, it was a good thing, and shows that even in Portland Wall Street has its representatives.

Stamp Your Papers

The *Golden Age* brought to San Francisco half a million dollars worth of stamps for general distribution. They may be obtained for "Greenbacks" and in quantities over fifty dollars at 5 per cent discount. Our readers should remember also that though Congress suspended the operation of the law on the Pacific coast till the 1st inst., it is still the case that all contracts, notes, conveyances and everything requiring stamps made since 1st October last, have no validity if ever introduced in Court unless the stamp is affixed before its production. Prudence therefore requires that the parties interested should see that the requirements of the law are complied with. By a recent amendment to the Excise Law stamps may be used indiscriminately on all documents, if equal in amount to what is required. This is the amendment:

Sec. 3. And be it further enacted, That no instrument, document, writing or paper, of any description required by law to be stamped, shall be deemed or held invalid and of no effect for the want of the particular kind or description of stamp designated for and denoting the duty charged on any such instrument, document, writing or paper, provided a legal stamp or stamps denoting a duty of equal amount shall have been duly affixed and used thereon. Provided, That the provisions of this section shall not apply to any stamp appropriated to denote the duty charged on proprietary articles.

Clackamas County.—The Circuit Court will commence its session next Monday, in Oregon City, Judge Shattuck presiding. We understand that there is likely to be very little business, except the trial of Strickland for murder. The lawyers say that legal tenders are the best protection which can be devised for debtors, as no creditor dares to bring a suit, through fear of greenbacks. Bad for the quibblers, isn't it?

News from Marysville state that sufficient funds have been subscribed to justify the commencement of a survey for a railroad from that point to Portland. It is said to be the intention of the chief engineer to immediately commence the preliminary survey.

Married by Telegraph.—The Oswego, N. Y. *Times* says:

On Tuesday, February 3d, a marriage ceremony was performed by the Rev William Carr, chaplain of the 4th regiment New York State volunteers, under rather novel circumstances, the clergyman and bridegroom being in the city of Washington, and the bride in the village of Fulton, Oswego county, during the ceremony. The bridegroom is a member of the 4th Regiment, and circumstances prevented his being in Fulton to fulfill his engagement with the young lady. By mutual consent the parties agreed to have the ceremony performed through the medium of the electric telegraph. The day and hour having been arranged, the parties repaired to the telegraph offices at the respective stations, the fair bride accompanied by a female friend as bridesmaid. The operator at Fulton officiated as bridesman. The first dispatch over the wires relating to the affair was from Washington, inquiring if the lady was present. An answer in the affirmative was returned, and the ceremony proceeded. Three messages were sent to Fulton and two transmitted to Washington, and the ceremony was completed. The last message from Washington was the declaration of the clergyman pronouncing the parties man and wife.

Significant.—New York, notwithstanding the large number of men she has in the army, fell short between thirty and forty thousand of filling her quota under the last call of the President. Of this number New York City lacked thirteen thousand of furnishing the number apportioned to her. In the city of New York the majority at the late election voted for Seymour, Fernando and Ben Wood Peace Democrats, the Democratic majority was over 31,000. The Wood stripe of Democrats in that city evidently do not volunteer to fight for the Union while they do vote for men who would consent to the dissolution of the Union, if they believed it would enable their kind to get into power at the national Capital. These are the men who pretend they are in favor of a more energetic prosecution of the war: they are the men who denounce the arming of the black man, while they refuse to volunteer, resist a draft and urge at the same time that white men should do the fighting necessary to put down the rebellion. These are the men, too, who declare that the South cannot be conquered, and denounce the proclamation of the President.—*Sac. Union.*

Out and Out Talk in New Orleans.—Col. A. J. Hamilton addressed a large audience in New Orleans on the 13th ult., in reference to the country. He declared that Louisiana was bought by the treasure of the common country, and after having been nurtured by the protection of its Government, was stolen out of the Union by a set of men who had perverted the politics of the South to their own selfish ends. Slavery had been used as the element of dissention and by it a despotism was established which curbed the opinions and speech of men with checks more odious than those of Austrian tyranny. He was thankful that its supporters had dug the pit into which it will fall, and that the South was about to be emancipated from the thraldom which has prevented its social and political development. For himself, as a slaveholder he was in for putting down slavery and everything else that stands in the way of the Union. Col. Hamilton was enthusiastically applauded, and when he had finished, Mr Durant, the leading lawyer of the city, followed in the same strain.

The Detroit *Tribune* says that the madness and folly of the Democrats will serve as their special punishment. In their fiery protest against arrests they have put such men as Old, Johnson and others in responsible places. These men are alike without intellect or manners, and will not only disgrace but weaken their party. Mistaking sympathy for their arrests for a full endorsement of their opinions, they will be even more violent than ever. Dr. Old is already the chagrin and laughing stock of his friends in the Ohio Legislature, and Wall will just as certainly disgrace himself in the Senate by his venomous ignorance as Saulsbury has by his pugnacious inebriety.

Assault on a Prisoner.—The Shasta *Courier* of February 28th has the following:

On Sunday evening last, about 9 o'clock an Indian prisoner in the county jail confined on a charge of murder, was called to the grating of his window by two Indians outside, and by some means they got the prisoner's arm through the grating and held him fast while they stabbed him with some sharp instrument in the arm above the elbow, and also inflicted a slight wound in the right side. The prisoner states that they said they intended to kill him, for what cause was not known.

Miscellaneous Items

A law has passed the Legislature of Connecticut allowing their soldiers to vote wherever they may be stationed.

Richard H. Dana of Boston, has received $1,000 from a rich Hindoo at Bombay with orders to apply the same to the relief of suffering Federal soldiers.

The Washington correspondent of the *Alta* says that the small pox has been very prevalent at that city during the whole of this winter.

Brigadier General J. W. Denver, late of California, was in command of a Federal Division in the late attack on Vicksburg. He is now in command of Holly Springs, Miss.

The Red Bluff *Beacon*, of February 11th, says that a citizen of San Joaquin county, California, intends planting some twenty or thirty acres in cotton the present season. It is thought a fair quality of cotton can be successfully produced in that locality, as the soil is known to be well adapted to its growth and the warmth of the season will be sufficient to produce a rapid growth and early maturity.

A Mistake.—The Superintendent of Indian Affairs in Washington Territory desires us to state that the article recently quoted in the Oregonian from the Steilacoom *Herald* as to the receipt of $100,000 by him for the payment of old demands, was without any foundation. No funds for any such purpose have been received by the Superintendent.

WASSERMAN & Co, we are puffing you and one of your segars, not entirely because you are generous, but also because that is excellent—as we knew it would be when you hand ed us the package. If we owned the Custom House we should think it our duty to let you import that sort of luxury freely, at least till our personal wants were supplied. We hope the people who love segars will assist us in helping burn yours all up.

NARROW ESCAPE.—Mr Erastus Morgan, at work yesterday in Mr Walker's machine shop, while endeavoring to adjust a belt was caught by it and carried over the drum, and in the revolution was stripped of every article of clothing, except part of one shirt sleeve and his cravat. ATTENTION.—Notice the long list of new advertisements in the proper column.

LEGAL TENDERS.—U S Treasury Notes, from 70 to 75. Market fluctuating.

"THE HERMANN."—This steamer, which it was reported had been purchased by the proprietors of Baker's Bay, and was to bring the State of California to Cape *Disappointment* (!) has not arrived. It is also reported that there is some difficulty in the matter which may hinder her coming till next week.

P. S.—LATER.—It is reported that she will leave San Francisco on the 20th inst, provided the Company pay as they agree, which it is very likely will be done, as Dr White always was in the habit of keeping his word—to himself.

P. S.—LATEST.—Another reliable passenger reports that the big ship is not coming to the Columbia at all—the rush to the northern mines not being equal to what was expected, and as her owners counted on that only, never supposing that the Pacific City expedition would amount to anything, they have wisely withdrawn her from the proposed trip.

We publish the foregoing as an evidence of the interest and anxiety felt by our citizens in the projected speculation, for the express benefit of the Astoria editor, who certainly resembles Dr. White in *one* respect.

Miss Joey Gougenheim recently had a theatrical benefit at Melbourne, Australia, which netted her $625, and which she at once gave as a contribution to the Irish Relief Fund.

A Good Medicine.—DR HALL'S BALSAM is the best remedy for CONSUMPTION, either in its incipient or confirmed stages, ever discovered. For proof of this read the certificates from Physicians, Medical Professors, Clergymen, and other well known citizens.

The New Market on Front street, No 2, Couch's Addition, is now opened by Messrs WEEKS, GILMORE & CO., Proprietors, for the accommodation of the public, and our citizens may be assured that it will be equal to any on the Pacific Coast, where none but the best quality of meats will be kept for sale. The Proprietors are well known to the whole community for their fair dealing in the management of their other first-class Markets—the Empire on Washington street and the Franklin on Taylor street.

Storage.—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House, is the only building not made of wood, at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges are but $1.50 per ton per month storage, and with such storage in wooden buildings is $1.00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses at this place.

Coughs.—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec16dawdm

White's Fever and Ague Drops.—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed, in no instance has it failed to effect a speedy cure in Ague especially, one bottle having been found sufficient in most cases and in no case more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers resting it upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville, and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on these delicate organs of sense.

Is composed entirely of healing gums and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully refunded by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

A "TALK" TO REBELS.—Several chiefs of the Chippewa Indians have tarried for a day or two at Chicago, on their way to Washington. They have visited all the institutions of the city, and among them Camp Douglas where the rebel prisoners are confined. It is related in the Chicago papers that when they entered the quarters of the rebels the chief held a brief consultation among themselves, the result of which was that their eldest member and leading spokesman—one Naw-gaw-nah—felt moved to deliver a lecture to the "Southern gentlemen." Looking upon his audience with an air of the deepest commiseration for their folly, he spoke thus:

You have been fighting against our Government. Why do you do this? Has not your Great Father given you everything you asked for? He gives to the pale faces and the Indians plenty to eat and good clothes to wear. He makes good laws for the best government of all. He makes the laws for the many—for all his people—not to suit a few. You have been fighting to break up this Government, like the bloody Sioux. It is better that you stop fighting, and lay down your arms and come back and be brothers again. If you will think with your honest thoughts about your country you know you are wrong. If you feel as if you must fight, then come and join the United States army and fight for them. Look at your clothes and then look at ours. Our Great Father feeds and clothes his men well, and the reason you are so hungry and cold is because you are fighting against us. Think of what I tell you and stop making war against this Government.

This sensible little speech is reported to have produced a curious effect upon the imprisoned rebels. The more intelligent of the number listened with marked attention, and others received the old Chief's advice with derisive laughter. Naw-gaw-naw's comparison of the rebels to "the bloody Sioux" was not bad.

A WAR PRAYER.—In the N. Y. *Tribune's* Washington correspondence of date 2d February occurs the following prayer, delivered on that day by the Chaplain of the United States Senate before that body:

Oh Lord, our God, we entreat Thee to hear the prayer of Thy servants, which we come to make this day for the officers and men of our army and navy. Be pleased to give them endurance, and in all their sufferings stay them with Thy strength, and bestow upon them the spirit of foresight and of combination to smite and to scatter the enemy whenever and wherever they may be found. May they not be baffled by the storms of heaven, and may no unpropitious conditions or elements of the material creation impede or postpone their progress. We pray Thee that if it shall be Thy will, *even the very processes of physical nature may be suspended for a time*, while this fearful problem of republican liberty and free institutions is wrought out. It it must be by war, which we do most earnestly and sadly deplore in itself, we pray Thee that it may be speedy and effectual war, and O Lord, we pray if Thou wilt hear our petition that the foolish gibberish of those who profess to follow the illusion of an unholy peace may be forever stifled, and we pray that this great people may be neither blinded nor deceived by the fatal influence of such insane counsels. O, Lord, silence forever the tongue that shall wage with such madness and folly; yet we pray Thee that Thou wilt give us Thine own time and way, through Jesus Christ. Amen.

PRESIDENT LINCOLN AS A MILITARY MAN.—Some enquiring fellow has disinterred the following extract from a speech delivered by Mr. Lincoln in Congress, when he was a member from Illinois.

By the way, Mr. Speaker, did you know that I am a military hero? Yes, sir, in the days of the Black Hawk war I fought, bled and came away. Speaking of Gen. Cass's career, reminds me of my own. I was not at Stillman's defeat, but I was about as near as Cass was to Hull's surrender, and, like him I saw the place soon afterwards. It is quite certain that I did not break my sword, for I had none to break, but I bent a musket pretty badly on one occasion. If Cass broke his sword, the idea is, he broke it in desperation, I bent the musket by accident. If Gen. Cass went in advance of me in picking whortleberries, I guess I surpassed him in charges upon the wild onions. If he saw any live fighting Indians, it was more than I did, but I had a good many bloody struggles with the musquitoes; and although I never fainted from loss of blood, I can truly say I was often hungry. Mr. Speaker, if I should ever conclude to doff whatever our Democratic friends may suppose there is of black cockade Federalism about me, and thereupon they shall take me up as their candidate for the Presidency, I protest they shall not make fun of me as they have of Gen. Cass, by attempting to write me into a military hero.

ARMING THE NEGROES.—It is astonishing how rapidly public sentiment has come up to the support of the bill to arm negroes for the suppression of the slaveholder's rebellion.—There is a sort of poetic justice in the measure which commends it now to thousands who at first doubted its policy. Even the N. Y. *Herald* and the *World* recede from their opposition, and admit that the time has come to fight rebellion with all the instrumentalities at hand. Mr. Casey of Kentucky is the only man from the border States who asked for it. He is enthusiastic in its favor, and says that it will do more towards bringing the war to an end than anything else hitherto essayed. He believes that the slaveholding leaders of the rebellion cannot stand the arming of the negroes, who are courageous as they are cunning, and desperate as they are degraded by servitude.

COLORED CONFEDERATE SOLDIERS.—The Confederate Attorney General has decided that men with *any portion* of the blood of the white race are liable to conscription. This decision admits to the rebel army all the mulattoes and quadroons in the Confederacy, and they are numbered by thousands. We suppose there is hardly an officer in the rebel army, from Richmond to Mobile, past the meridian of life, who has not one or more mulatto children. All these chaps according to the Attorney General's decision, are to be made to fight side by side with the white conscripts of Davidson, Williamson, Maury and Shelby counties, to destroy the Federal Union. Negro sharpshooters have for months been destroying our soldiers in Virginia.—*Nashville Union.*

GENERAL HOOKER.—The Washington correspondent of the Boston *Journal* says that General Hooker now occupies the position that since he came from California he firmly believed that it was his destiny to fill. When at Bladensburg in command of but four regiments—when placed at the head of a division on the peninsula—and when he returned from Antietam, wounded, yet crowned with laurels, has Hooker expressed his conviction to distinguished Massachusetts gentlemen, that sooner or later he would be in command of the Army of the Potomac, and would win victories with it.

It is stated that there is but one Irish Mormon at Salt Lake, but he is Mormon all over, has nine wives and forty seven children.
